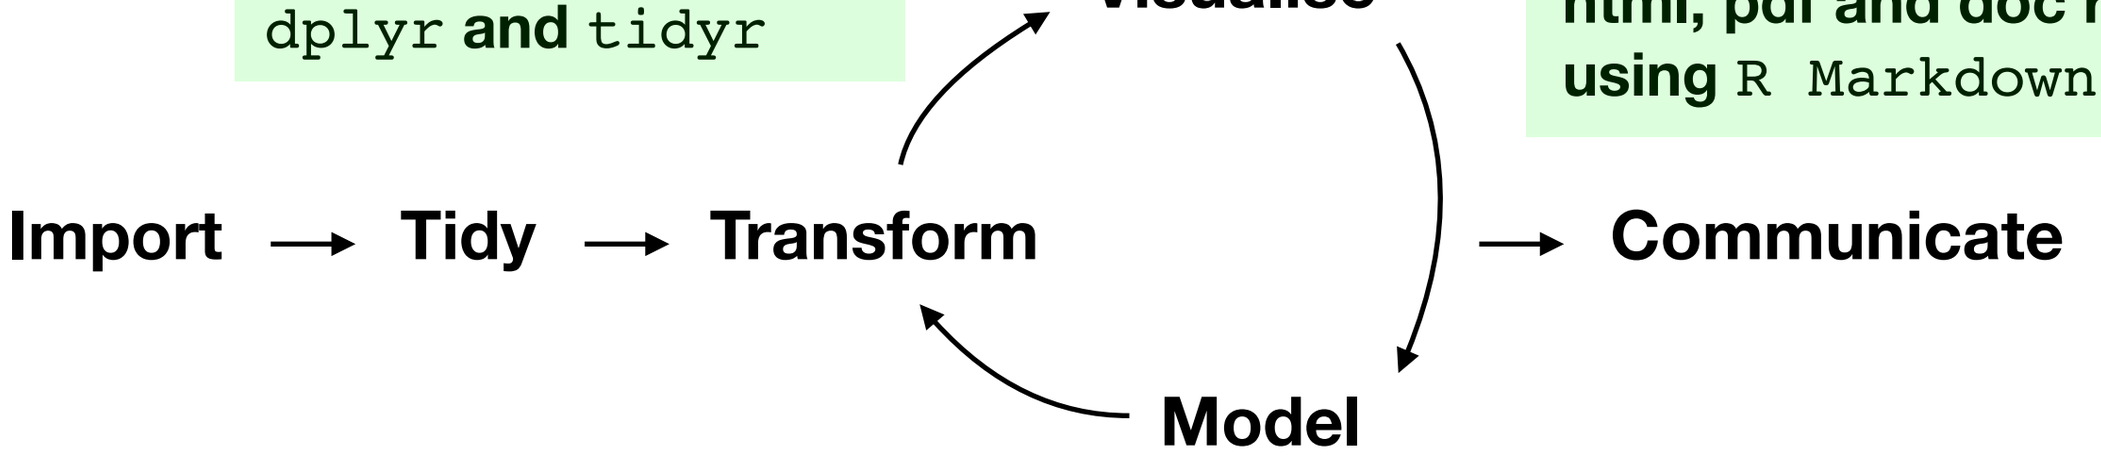
Workflow

Data plots using `ggplot()` **and** `pirateplot()`

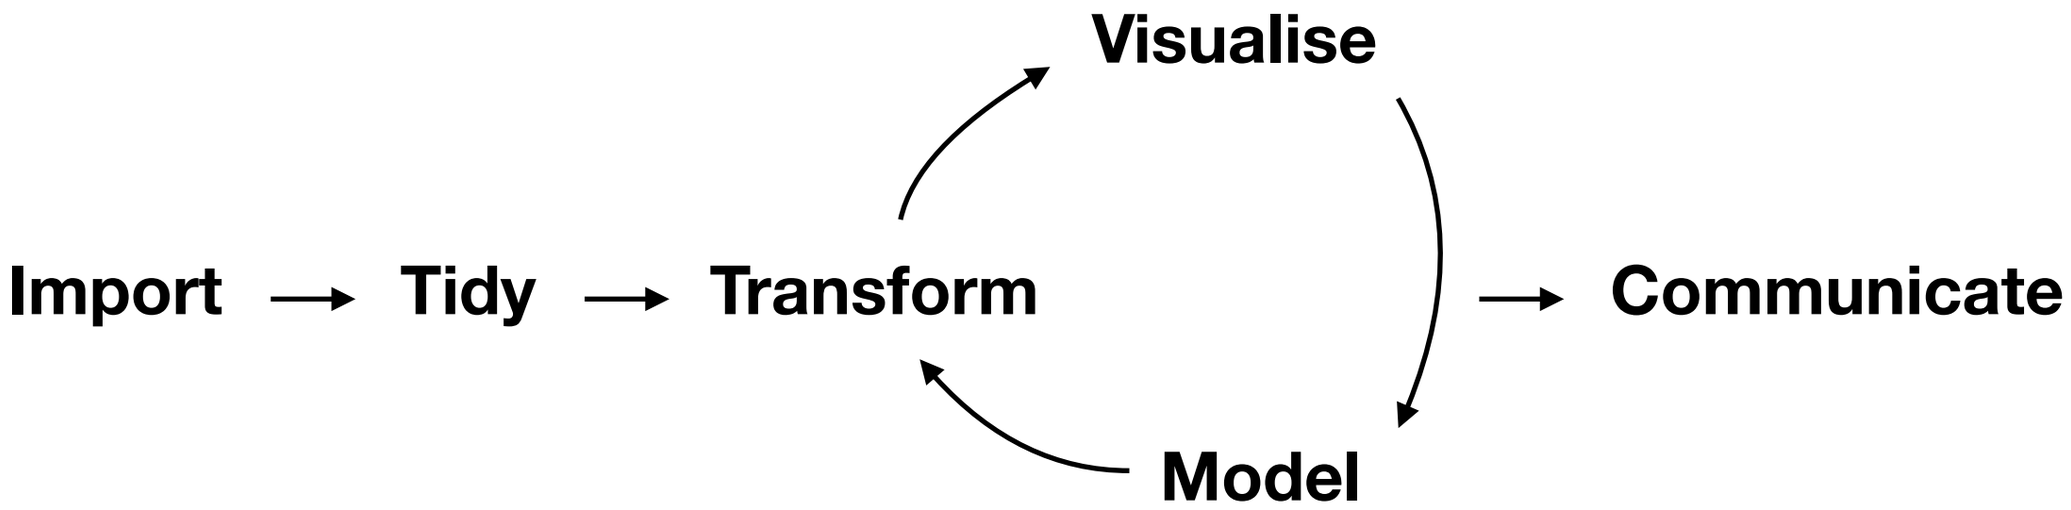
Tidying and transforming using `dplyr` **and** `tidyr`



html, pdf and doc reports using `R Markdown`

ANO(C)VA using `afex()` **and** `aov()`
Linear regression using `lm()` **and** `step()`
(Generalised) linear mixed models using `lmer()` **and** `glmer()`

Workflow



(Generalised) linear mixed models using `lmer()` **and** `glmer()`
