8         36 The War of the Worlds g
9         36 The War of the Worlds wells
10        36 The War of the Worlds 1898
# ... with 60,503 more rows

```

- If I hadn't use the `anti_join(stopwords)` call I would end up with a data frame like the above containing lots of common function words.

- But by adding the `anti_join(stopwords)` line to my code I exclude all stop words (the common function words) and end up with:
