**Agenda**

Brief summary of OS-related activity members of the OSWG have been involved in since we last met.

Action points from last time:

1. Collate information on how to do open science
2. Investigate linking with RUM group and with carpentry activity.

To discuss:

1. Forum for critique and advice on pre-registrations
2. 'My experiences of pre-registration' workshop
3. Sharing resources with other local OSWGs
4. Collaborative Cog Neuro/Psychology UG projects
5. Funding for OS activities
6. How to do open science – how much is already covered by The Turing Way and pre-existing resources?
